

PMT positions itself for the future – Felix Bräuer joins executive management

Stadtsteinach, July 21, 2025 – Premium Mounting Technologies GmbH (PMT), one of the leading providers of mounting systems for photovoltaic applications, is gearing up for further growth: As of July 21, 2025, Felix Bräuer will join the executive management team. Together with Dr. Bodo Krebs and Jörg Weber-Schorsch, he will help drive the company's strategic and operational development.

The expansion of PMT's leadership team marks a clear commitment to entering the next phase of growth. The focus will be on broadening the portfolio of high-quality mounting systems for solar installations and unlocking new market potential. The company is particularly renowned for its solutions for commercial rooftops, ground-mounted systems, and building-integrated photovoltaics (BIPV), such as large-scale solar carports. PMT's products are characterized by quality, safety, and ease of installation – all Engineered in Germany.

Felix Bräuer, 39, most recently served as General Manager and Vice President Sales at SOLARWATT, a leading provider of integrated PV and storage solutions. With over 18 years of industry experience, he is a recognized expert in decentralized energy systems and one of the solar industry's most prominent voices on LinkedIn, known as a "Top Voice Renewable Energy."

"I'm truly excited to take on this role at PMT – not only because the company is one of the highest-quality providers in the market, but also because it embodies values I've long championed: a strong European value chain and technological sovereignty through manufacturing in Germany. Our goal is to be the partner of choice for durable, premium substructure solutions for PV systems. To that end, we will continue to invest strategically in the company's digital transformation, expand our service offerings, integrate AI into planning and support processes, and future-proof PMT for long-term competitiveness."

– Felix Bräuer, Member of Executive Management, PMT

"With Felix Bräuer, we're gaining a strategically minded manager with deep industry connections and a strong passion for the energy transition. He brings valuable impulses for our continued development and will further enhance PMT's momentum alongside our existing management team."

– Joachim Goldbeck, Investor and Managing Director, Joachim Goldbeck Holding

By expanding its executive leadership, PMT is sending a strong signal of its commitment to further strengthening its market position in commercial photovoltaic solutions and to establishing itself as a long-term innovation leader in the sector.
